The student will select project based on industry requirement. The selection and feasibility of the project will be decided by department and company/industry jointly.
Faculty member will be their internal guide.

At the start of the semester student has to submit a report on what he intends to do, literature survey and how will he proceed to do his project. He will have to give progress report and presentation in department every fortnight. At the end of semester intended/planned project has to be completed and a complete description of project work should be submitted as term work in form of the report and hardware if any.
